'SACRAMENTO' Audiofly Vocal

'SACRAMENTO' Move Ya & Steve Lavers Remix / Raul Rincon Remix

What a year it has been for the **Deep Dish** boys **Ali & Sharam**, with the massive anthems '**Flashdance**', '**Say Hello**' and the unique long player '**George Is On**' already under their belt, **Deep Dish** and **Positiva** unleash the monster **Sacramento E.P.** Already reaching **Number One** in the **Cool Cut** chart and riding very high in the **Buzz**, whilst seeing support from **Pete Tong**, **Hernan Cattaneo**, **Paul Oakenfold**, **Paul Harris**, **King Unique**, **Deepgroove**, **The Beginerz**, **Col Hamilton**, **Trophy Twins** and **Oliver Lang** to name a small few. To start the package we have the monster '**Sacramento**' featuring the vocals of **Richard Morel** who previously worked on **Deep Dish's** '**Junk Science**' album. His rough soulful vocals are used to great effect on **Deep Dish's** hybrid production, the whole groove is deadly and will simply have the punters screaming for more. For remix duties **Positiva** call upon **Audiofly**, **Move Ya & Steve Lavers** and **Raul Rincon**. **Audiofly** are up first with their vocal mix and deliver a deep haunting groove perfect for those late night sets, whilst **Move Ya & Steve Lavers** take us on a beat freak frenz and **Raul Rincon** delivers a funk-fest of delight. Last but not least **Positiva** spoil us by adding the massive '**Bagels**' and '**Swallow Me**' to this very limited CD. A very limited **Essential Power Priority** that needs **Your Full Support** in the forthcoming weeks **Reactions are Essential!!!**
