LOVE ON MY MIND

Full Intention Club / Full Intention Dub
ATFC Remix / ATFC Instrumental / BN3 Vox
Back To Philly Vocal Mix / Coburn Remix / Radio Edit

Just when you thought it couldn't get any bigger 'Love On My Mind' already reached anthem status when first mailed out back in February through the Original, **King Unique** and **Sharp Boys** mixes. Now the **Freemasons** are set to take the world by storm when released on **August 22nd** with a package you could only dream about having. This time **Loaded** employ re-works from **Grammy nominated Full Intention, ATFC, BN3**, hot new favourite **Coburn** and the **Freemasons** themselves. The support has to be one of the biggest we've seen reaching **Number One** twice in the **Coolcut** chart, Number One in the **Buzz** and re-entering in the Top three. **Pete Tong** has played **13** times alone on his **Essential Selection** with a further **5** from **Judge Jules**, whilst further support from **Tom Stephan, Tall Paul, Col Hamilton, The Hed Kandi Boys, Graeme Park, Trophy Twins, The Plump DJs** and **Redanka** to name a very small selective few. The package starts with the **Full Intention** boys who once again deliver the goods and show us why they are so ahead of their game and with a vocal and dub to choose from we really are spoilt for choice, whilst **ATFC** take us down a more deeper route but still aiming for peaktime exposure. **BN3** deliver a filtered disco-thon and The **Back To Philly Vocal** mix will be perfect for those twelve AM moments. Last but not least hot new favourite **Coburn** deliver a very minimal, edgier groove which is screaming to be dropped in the big rooms. Last but not least **Loaded** throw in the **Radio** edit for good measure. No doubt to say this is **Our Massive Number One Priority** for all involved. **Reactions** and **Support** are **Essential** in the forthcoming weeks.
