PATRIC TIMO REMIX

"BETTER THAN YOUR BEST BOOTLEG" & ONE TWELVE THAT CONTAINS MORE SUPERIOR MIXES THAN ANY OTHER BOOTLEG!!!

A big contender at this years **Popkomm** festival and a massive import seller via **Spinnin' Records** (the Netherlands), **Hi_Tack's** massive '**Say Say Say (Wating 4 U)**' is now set to dominate the UK floors by storm via the massive **Gusto Records**. Already gaining support from **Judge Jules**, **David Clarke**, **Justin Wilkes**, **The Sharp Boys** and **Adam White** to name a small selective few. **Hi_Tack** Sample the classic **Michael Jackson** and **Paul McCartney 'Say Say Say'** and turn it into a peaktime house monster. They say chicken pox is catchy well wait until you here this, filtered down breakdowns with that familiar vocal chant, funky basslines and hand in the air drops are all fused together and simply screaming for peaktime plays. **Tocadisco** opt for a more dubbier funk fest whilst **Delano & Crockett** take us on a minimal tech-house affair. Last but not least we have the **Patric Timo** remix, if big breakdowns and chunky beats are your thing then we are sure this will not disappoint. A package here to well and truly cater for all and is **One Massive Number One Priority** in the forthcoming weeks.
