MYLO

'DESTROY ROCK & ROLL' TOM NEVILLE HEADMAN & RITON MIXES

'Destroy Rock & Roll' is the follow up to the Number 1 club anthem 'Drop The Pressure'. Already gaining heavy support from **Pete Tong, Steve Lawler, Dave Seaman, Mark Wilkinson** and **Mike Monday** to name a very small few.

'Destroy Rock & Roll' is taken off the album of the same name and comes complete on this CD with three tasty re-workings that will cater for every floor.

First up we have **Tom Neville** who delivers an electronic funk monster that will surely rip up those peak-time floors and shows why **Tom** is in such high demand. Next up we have the **Headman Dub** who opts for a more funk based gem, whilst last but not least we have the **Riton** mix which is perfect for the more progressive minded of you out there. If all this wasn't enough, the Radio and Album version are thrown in for good measure.

Mylo is one act that is definitely here to stay, as usual your on-line feedback is **100% Essential** in order to stay on the **LIMITED** list!
