## 'DOCTOR PRESSURE'

**The biggest party record of the past  
twelve months gets even bigger!**

Following the release of **'In My Arms'** (Mylo's third consecutive top 20 single), is the mighty **'Doctor Pressure'**. An awesome bootleg mash up of Mylo's anthem **'Drop The Pressure'** and Miami Sound Machine's **'Doctor Beat'**. It looks set to be Mylo's biggest hit to date. Originally spliced together by two cheeky chaps **Phil n' Dog**, and with **Gloria Estefan** and the **Miami** crew giving a thumbs up, it has now been given a re-jig by Mylo himself and now we are to set to party. On this very limited CD we have the **Clean** and **Dirty** mixes of **'Doctor Pressure'** along side the **Clean** and **Dirty** mixes of last year's **Number One** anthem **'Drop The Pressure'**.

To complete this unique package we have two tasty re-works of **'Drop The Pressure'** from **Marco Bernardi** and **Stanton Warriors**. No doubt to say this is **Our Essential Number One Priority** over the forthcoming weeks. **Your Support** and **Reactions** are **Essential!!!** Also look out for the Re-release of **Destroy Rock & Roll** the debut album from Mylo in September through SONY BMG.
