PRAISE CATS

'SHINED ON ME'

BINI & MARTINI REMIX / EXTENDED MIX
SCANTY SANDWICH REMIX / DISCODE CLUB MIX
FRIDAY NIGHT POSSE REMIX

Praise Cats 'Shined On Me' makes a welcome return and a new home on **All Around The World**. As we would expect from **All Around The World**, the guys spoil us with a Double Pack of delight.

First up is Italian Duo **Bini & Martini** who deliver a slice of uplifting heaven, big piano strings are the order of the day here. Also featured is the **Extended** mix, which still sounds fresh today as it did back then. If filthy hard-edged funk is your thing then go straight for the **Scanty Sandwich** mix which surely will not disappoint. Whilst the **Discode** club mix takes us on a ride of pure funk Heaven and will rock the floors of any big room and last but not least **Friday Night Posse** give us a huge dose of hard dance, with big basslines and full on hands in the air riffs. One big package that will cater for every floor, reactions and support are essential on this **Future Number One Priority**.
